AQUATHIN® CORP. was founded in March of 1980 and formulated from a single concept that we are going to produce the most effective water purification system available. Since the beginning AQUATHIN® had acquired a patent for its unique treatment system which utilizes REVERSE OSMOSIS PLUS DEIONIZATION. And over Aquathin's 30+ Years Pure Excellence, we have earned seven patents. At AQUATHIN®, we have listened to the important feedback from our Dealers and from their input, developed the finest water filtration, conditioning and treatment systems for residential, commercial and laboratory applications. All AQUATHIN® systems encompass sophisticated design and technique for the highest efficiency available.

Aquathin produces over 70 patented and trademarked devices for markets around the world. Aquathin manufactures a broad spectrum of unique and patented water purification, softening and filtration systems servicing the residential, commercial and laboratory markets. Aquathin is an E.P.A. Registered manufacturer (EPA EST. NO. 52531-FL-01), ISO9001:2000, ISO9001:2008 Certified and recipient of both the prestigious President's Excellence & E Star Award in Export from the U.S. Commerce Department and the Nation's Blue Chip Enterprise Award from the U.S. Chamber of Commerce. Aquathin purification, softening and filtration products are made in the USA and are WQA Quality and Efficiency Gold Seal Certified.
